The provision of services to the exhibitions' organizers and the exhibitors is based on the cooperation of Mediterranean Exhibition Center (MEC) and the companies Mediterranean National Exhibitions sa (MEDE), the manager company of the Exhibition Center and on the Construction Exhibition Company Exposystem sa.

Company profile

Exposystem was estabilieshed in 1993 in Thessaloniki. In 2000, having developed the company's activity in Athens, there is an agreement between MEC and Exposystem undertaking an important number of exhibitions. In 2013 a branch of Exposystem in Athens, in area of Anthousa is establidhed.

The company is made up from Sales department, production department, implementation department and accounting department. The sales department consists of expert salesmen with special knowledge of exhibition marketing, as far as designers with expertise in innovative Design.

The production and implementation departments are based in the 8.500sqm of the company facilities in the industrial are of Sindos, in Thessaloniki.
The accounting department is based in the central offices of the company and at the branch in Athens. Its activity is based on a computerized software of communication(ERP) that is responsible for the good transition of information and the final formatting of the product.

The biggest exhibition and political, marketing and cultural events' organizers plus an important list of private companies is a «quality heritage» thatmakes the responsibility bigger and it is a guarantee for a better future with many more quality and creative exhibitions.

Nowadays Exposystem is the biggest company in the exhibition market in Greece, providing the exhibition and event organizers and exhibitors the following services.

Exhibition Marketing
- Exhibition Architecture
- Basic design structure for Exhibitions - Congresses
- Congress stand of special design structure
- Renting furniture
- Renting audio visual equipment
-

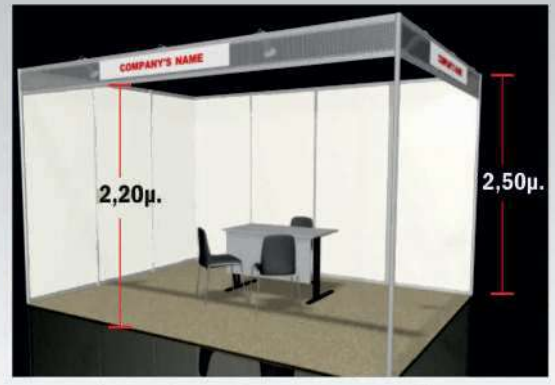
Basic aluminum stand with 1 front view

Basic aluminum stand with 2 views

Basic aluminum stand with 3 views



Detailed dimension of the stand
The inside height is 2.4m

The structure of basic aluminum stand has 2.50m height which has an aluminum beam of Octanorm company.

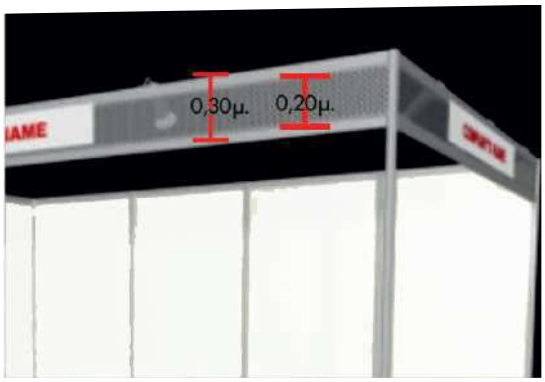
The colour of the aluminum structure is silver and the panels which made from mdf, are of white colour.

At the entrance of the stands there is an aluminum perforated fascia with another pvc faschia on the front. Its height is 30cm whereas the pvc fascia has 20cm height.

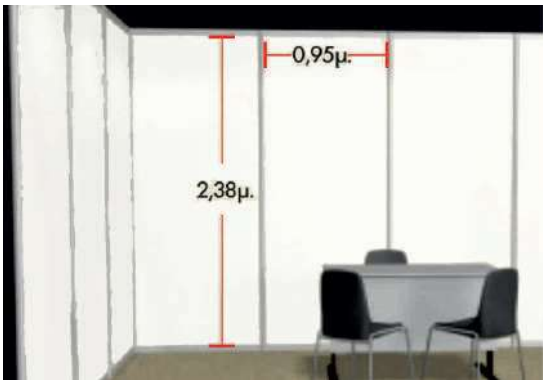
The pvc faschia is of 1.50x0.20m height with the exhibitors' logo and stand number and the exhibithion logo printed on it.

On the roof, we place Octanorm aluminum beam of 5.50cm height. On the floor we place carpet with the color that exhibitor prefers.

The furniture and electrical equipment for the basic aluminum stand are on exhibitors' preference.



Detailed dimension of fascia



Detailed dimension of panels

CODE: 9999-191

Description

Contruction type:	Aluminum type MAXIMA M1000 OCTANORM 2.5m height
